PREVENTION moisturizer SPF 75

Decreases skin redness by **21%***
Increases hydration levels by **87%***

- CHOOSE THIS TO**
- Color-correct + reduce the appearance of redness
 - Soothe the skin

of the challenges when using antioxidants on the skin is to be able to get those antioxidants into the skin. The XOSM Technology is an encapsulated complex (XOSM Technology) that allows for easier penetration of the antioxidants. This boost in antioxidants helps the skin fight against oxidative stress, which is a root cause for collagen breakdown and photoaging."

Raja K. Sivamani, MD, MS, AP
